Dear Friends in Christ,

The formation of disciples of Jesus Christ is at the heart of the mission of the Church, and it is the fundamental task of catechesis. While parents have the responsibility from God for the formation of their children in faith, the community of the Church stands ready to assist them.

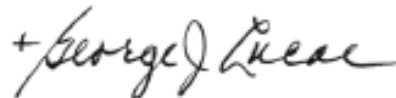

In our Catholic schools and religious education programs, catechists and teachers are entrusted with the responsibility of helping to instruct and form disciples of Christ. For this reason, only those who live the Catholic faith, know and understand the doctrines and traditions of the Church, and are willing to teach the faith in a creative and comprehensive way are qualified to fulfill this important catechetical role.

After having reviewed these updates to the pre-K – 8 Religion Curriculum Standards, I make them normative for the Archdiocese of Omaha. Every teacher and catechist in Catholic elementary schools and parish religious education programs are to use these Standards in the design of curriculum and the selection of textbooks. The standards are also to be used in the training and evaluation of catechists and teachers. The Catechism of the Catholic Church and The National Directory for Catechesis are also to be used as basic references.

I offer my thanks to the committee who have shared their experience and knowledge of the faith to produce these Standards. They have built on the strengths of the previous edition while adding an important emphasis on evangelization and Christian anthropology and sexuality.

The whole Catholic community joins me in thanking the administrators, teachers and catechists whose faith and dedication are crucial to the formation of young disciples in the Church. May Jesus Christ the Teacher bless them and all of us with zeal and joy in carrying out his saving mission.

Sincerely yours in Christ,

Most Reverend George J. Lucas  
Archbishop of Omaha

## Special Acknowledgements

The Archdiocese of Omaha Catholic Schools Office offers a special appreciation to Archdiocese of Louisville, Kentucky and The Archdiocese of Washington, DC for their permission to adapt components of their Religion Standards during our writing process.

## Introduction

The purpose of the PK -8 Religion Standards is to assist pastors, principals, and teachers in the Archdiocese of Omaha. This curriculum guide offers direction within the wider task of faith formation in which the family and the entire parish community are engaged. The Catholic faith is formed primarily in the family and is supported by the school, parish, and the local community. However, it is possible to set standards for our school religious education programs and measure achievement of those standards. It is intended that this material be used in the development of local religious education curriculum plans and for the training of teachers of religious education. A parish based appendix will be available by the end of 2020.

This guide forms the content of instruction for religious education as well as the “vehicle for growth in one’s relationship with the Lord so that each may come to know him and live according to the truth he has given to us”. (*USCCB Framework 1*) According to the National Directory of Catechesis (2005), the fundamental task of catechesis is the “formation of disciples of Jesus Christ.” These standards directly support the USCCB’s *Doctrinal Elements of a Curriculum Framework for the Development of Catechetical Materials of Young People of High School Age*, the curriculum followed by Archdiocese of Omaha secondary schools.

Administrators will use this guide to assist teachers in applying the desired Religious Education Standards to the specific grade levels. Teachers will use the guide as the basis for planning their lessons for the year. Use of this curriculum will assist students in attaining the Standards for which all are accountable. Teachers are required to spend 80% of their time teaching strictly from the guide with 20% of their time teaching concepts that enhance the curriculum.

## Program Standards and Essential Standards

Grade level specific performance standards and indicators are organized under the overriding Program Standards tied to the Tasks of Catechesis for grades kindergarten through eight.

### Program and Essential Standards

Four Program Standards, based on the Pillars of Catechism, provide the framework for each grade level. They are color coded the same in every grade.

Program Standard 1 – Profession of Faith (green)

Program Standard 2 – The Celebration of the Christian Mystery (red)

Program Standard 3 – Life in Christ (yellow)

Program Standard 4 – Christian Prayer (blue)

Program Standards	Archdiocese of Omaha Essential Standards
Profession of Faith	Essential Standard 1: Demonstrate comprehension of the Catholic faith through explanation of the Creed
The Celebration of the Christian Mystery	Essential Standard 2: Demonstrate comprehension of the public worship of the Church by explaining the meaning and celebration of the liturgy and sacraments
Life in Christ	Essential Standard 3: Demonstrate comprehension of our life in Christ through applying the moral teaching of Christ to one's daily life
Christian Prayer	Essential Standard 4: Demonstrate comprehension of the necessity of an authentic prayer life by developing a personal relationship with the Lord

### Content Standards and Indicators

Content Standards are written for every grade level. The writing team respects the spiraling nature of instruction within religion. While some of the Content Standards will have similarities from grade to grade, many of the indicators will become more complex and unique to each grade level.

See the example below in Table 1. The first number before the dash indicates the grade level of the standards. In the example below, **1** represents first grade. The number immediately following the dash identifies the Essential Standard. In this case it is Essential Standard **1** – Profession of Faith. The last number indicates the Content Standard. This is the seventh (**7**) Content Standard under the Essential Standard 1 – Profession of Faith for 1<sup>st</sup> Grade.

Table 1

 <b>1-1.7 To recognize we are all called to be saints</b>

<b>Indicators</b>
A. Begin to recognize the Communion of Saints.
B. Understand what it means to be a saint.
C. Describe the meaning of heaven - being happy with God forever.
D. Identify and recall a saint’s story.
E.
F.

In Table 1 you will notice that there are four indicators (A., B., C., D.). These are measurable indicators that teachers can observe students mastering in some way. The blank row is a space for a teacher to add a measurable indicator that is used in their classroom.

**Focus Standards**

On the left side of Table 1 is a chevron pointing to Standard 1-1.7. The chevron  is placed to indicate that this particular standard has been selected as a **Focus Standard** by the writing team. Focus Standards have been selected as the foundational standards that must be included in curriculum planning. For example, when a student experiences an extended absence from school for medical or care related reasons, the Focus Standards are the key concepts that must be taught to that student.

**Scripture Reference**

The Standards include scripture references for each grade level standard, a provision that assists teachers in consistently connecting the student learning back to the revelation recorded in Sacred Scripture. Teachers are encouraged to implement some form of bible study in their curriculum development. The passages are from the New American Bible Revised Edition.

**Human Sexuality Formation**

See the example below in Table 2. This 2<sup>nd</sup> grade standard can be found under Essential Standard 3: Life in Christ, it is the fourth (4) Content Standard and has five indicators. You will notice \*TOB\* in the scripture passage. TOB refers to a collection of documents written by Pope Saint John Paul II titled Theology of the Body. You will notice TOB throughout the document as a way to highlight where the formation of human sexuality will come up in your curriculum development. An ad hoc committee established by the Archbishop Lucas vetted materials and supports the use of two programs to assist schools and parishes with this topic. From the publisher Ruah Woods, the series *Rooted* is their school based program and from St. Benedict Press, *LovED* is the parent/parish based program.

Table 2

<b>2 –3.4 To identify God as the source of good desires in our hearts *TOB*</b>

**Evangelization**

Look at the example in Table 3. This is a 5<sup>th</sup> Grade Standard from Essential Standard 3 – Life in Christ. It is the fifth (5) Content Standard with two recommended indicators. Notice \*E\* after the Content Standard. This refers to developing an awareness and practice of evangelization. Whether in our school communities, our parish communities, or greater communities, we want to encourage all to share the faith with others with confidence. The team read two guiding documents, Evangelii Nuntiandi written by Pope Paul VI and Evangelii Gaudium by Pope Francis, to form an understanding of this concept;
